

SUMMERPLAY

Experience InterPlay over 3 days of Fun, Discovery and Connection

Friday 2 – Sunday 4 Feb, 2018
Addington Haven, Christchurch

Trish Watts, InterPlay Australia

InterPlay is a creative play practice that expands our expressive repertoire and develops confidence, artistry and self-knowledge. Laughter and lightness mingle with moments of deep insight and connection. By gently leading us through forms of movement, voice, story and reflection, InterPlay honours each player's personal 'body wisdom' and unique pathway towards creativity.

On day one, we will explore the guiding principles of InterPlay as a 'Life Practice'. Over the weekend we'll luxuriate in all aspects of embodied play, with extra focus on day three on voice, rhythm and song.

Co-founder of InterPlay Australia and an international IP leader, Trish Watts is a gifted singer, songwriter, teacher, voice therapist, and community choir director. Her teaching has taken her to the UK, Europe, the US, India, South Africa, NZ and Cambodia, where she started an NGO,

creative
COMMUNITIES

'Cambodia Sings'.
